

As a Kappan, I dedicate myself proudly to my profession in the belief that education is the foundation of our society's strength.

As a Kappan, I will strive through **RESEARCH:** to seek accurate knowledge in the art and science of education, to use this knowledge to improve teaching and to share with co-workers.

As a Kappan, I will strive through **SERVICE:** to help children and adults become more effective members of our society, to perpetuate and improve educational standards, to foster free and equal educational opportunity for all.

As a Kappan, I will strive through **LEADERSHIP:** to assume an influential role in education, to stimulate in others the qualities of leadership, to guide learners toward worthy academic, economic, moral, social, and spiritual competence.

I pledge to uphold these principles, to renew my membership annually, and to participate in furthering the work of Phi Delta Kappa through an ongoing commitment to the association.
