PDK INTERNATIONAL ASSOCIATE MEMBERSHIP APPLICATION

Associate membership in PDK is available to conscientious citizens who want to stay informed about issues in education. Individuals who are not licensed or credentialed as educators are welcome to apply. Graduate students who are career changers (i.e., those who are working toward becoming certified as an educator for the first time in their careers) are eligible for a discount in this membership category. For more information about this and other PDK membership options, visit www.pdkintl.org.

Why join PDK as an associate member?

Because we are your quality source for research. Besides paper, audio, and electronic versions of *Phi Delta Kappan*, the most referenced education magazine, PDK publishes valuable educational resources, like *EDge* magazine and *Classroom Tips*. Accessing these resources is a breeze when you use our online archives database, available 24 hours a day. Why pay a fee to download one article at a time? You also have access to a database of all results from the annual PDK/Gallup Poll of the Public's Attitudes Toward the Public Schools. These are must-have resources for students, education researchers, professionals, and conscientious citizens who want to stay up-to-date on trends in the field.

Because we provide connections. A PDK membership connects you to top education leaders and like-minded peers across the country and around the world. You can take advantage of this benefit at chapter meetings, the annual PDK conference, or in PDKConnect, the online community developed exclusively for PDK members. Whether you are seeking targeted professional networking opportunities or casual conversations with individuals who are interested in education-related issues, PDK helps you establish and develop the relationships you need.

Because security in all areas is key to success. There is peace of mind in taking care of the basics, and we can help with that. You can benefit from group rates on professional liability, health, term life, and auto insurance plans.

Because everyone wants to save money. Our scholarships and fellowships could be an economic benefit you haven't considered, and don't forget the free publications and webinars you'll have access to. We also offer considerable discounts on international travel and event registration costs.

Because we offer leadership opportunities. Whether you are aiming to enhance your résumé with education-related work or simply looking for a way to volunteer, PDK provides ample opportunities to get involved. PDK makes it easy for you to give back to the field of education in meaningful and important ways.

Because if you're changing careers, you need practical resources. Whether you plan to be a classroom teacher, administrator, professor, or consultant, PDK's webinars, newsletters, and other resources contain the latest information for the education practitioner. It's the most up-to-date information in education, presented in succinct, easy-to-access formats.

The mission of PDK International is to promote quality education, in particular publicly-supported education, as essential to the development and maintenance of a democratic way of life. Completing this application indicates your support of this purpose.
